

Miscellaneous Agreements

Swimmers are not to be left unsupervised before or after practices or meets. The Board and Coaches will not be responsible for any child left unsupervised.

This form, the league registration form, birth certificate, medical information, and registration fees must all be completed and paid before a swimmer may swim. Registration fee is non-refundable.

Swimmers will be evaluated tentatively by May 1st 2019 (at coaches/board discretion). Child MUST be able to swim 25 yards (1 length of the pool) by this date to qualify for league meets.

I certify that the Applicant has NOT been a member of any other swim team (other than high school or inter-collegiate team) AND has NOT competed in any swim meets or swim team practices (other than high school or inter-collegiate meets or practices) beginning February 1, 2019.

After a participant commences practicing with or registers to swim with a team for a particular League swimming season, said participant may not swim during that season for any other team unless the approval of the Board of Directors is first obtained. If a participant so changes teams, said participant shall be subject to a penalty period of ineligibility of at least one League conference meet of the team to which the participant has transferred, commencing with the date the Registrar receives the applicants new application.

The purpose of the penalty period shall be to discourage team hopping or recruiting of registered participants. In no event shall the penalty be applied in situations where the participant has changed teams as the result of a change in the participant's place of official residence. If, for a particular swimming season, an individual has already registered with or commenced practicing with a team competing in another recreational league, said individual may not register or participate with any team in the League unless the approval of the Board is first obtained. Board approval shall be given so long as the individual demonstrates to the satisfaction of the Board that he has ceased participating in the other recreational league and that the policies and rules of said other recreational league are in substantial conformity with those of this League.
